

**Day 27 coding Statement : Write a program to find the double of the given number without using arithmetic operator**

**Description :** For the given input number calculate the double of it without using arithmetic operator.

**Input :** 4

**Output :** 8

Program :

```
package com.talentbattle.codingchallenge;

import java.util.Scanner;

public class Double_number {

    public static void main(String[] args) {
        // TODO Auto-generated method stub
        Scanner scan = new Scanner(System.in);
        System.out.println("Enter a number : ");
        int n = scan.nextInt();
        n = n << 1;
        System.out.println("Double of a given number is " + n);
    }
}
```
