

Day 4 coding Statement: Write a program to identify if a number is positive or negative

Description:

Get an input number from the user and check whether it is a positive or negative number.

Input : -10

Output : Negative number

Input : 0

Output : Neither positive nor negative

Input : 15

Output : Positive number

Program :

```
package com.talentbattle.codingchallenge;

import java.util.Scanner;

public class positive_or_negative {

    public static void main(String[] args) {
        // TODO Auto-generated method stub
        Scanner scan = new Scanner(System.in);
        System.out.println("Enter the integer");
        int n = scan.nextInt();

        if(n < 0)
        {
            System.out.println("Negative Number ");
        }
        else if(n == 0)
        {
            System.out.println("Neither positive nor Negative");
        }
        else
        {
            System.out.println("Positive Number ");
        }
    }
}
```
