

Day 5 coding Statement: Write a program to identify if the number is even or odd

Description : Get a number as input from the user and check whether the given number is odd or even

Input

10

Output

Even

Input

5

Output

Odd

Program :

```
package com.talentbattle.codingchallenge;

import java.util.Scanner;

public class odd_or_even {
    public static void main(String[] args) {
        Scanner scan = new Scanner(System.in);
        System.out.println("Enter the number : ");
        int n= scan.nextInt();

        if(n%2 == 0) {
            System.out.println("Even");
        }
        else
        {
            System.out.println("Odd");
        }
    }
}
```
